## JAPAN PLANS HUGE BUDGET FOR DEFENCE

War Office Would Spend Large Sum in Five Years On Modernization

FUND ADDITIONAL TO REGULAR EXPENDITURE

TOKIO, July 26 (AP).—A five-year plan costing 800,000,000 yen (about \$281,000,000) for modernization, improvement and enlargement of military land and air forces has been drafted by the War Office general staff and submitted to the cabinet for inclusion in the budget, it was learned today.

The plan, calling for an annual expenditure of approximately \$52,000,000, would require an appropriation in addition to the amount of the regular military funds.

It was pointed out in official circles that the plan was made necessary by the fact that Japan's air force is inferior to that of other nations of comparable size, although Japan is extremely vulnerable from the air.

### LAND EQUIPMENT FIRST

The limitations of Japan's industrial capacity, it was said, require that the programme be concentrated on land equipment during the first two years and on the air force during the last three of the required five years.

The programme is in three parts: 1. Five hundred million yen, chiefly for improvement and increases in aviation, in addition to the 200,000,000 yen already authorized.

### AID TO MANCHUKUO

2. Two hundred million yen for Manchukuo, improvements similar to those in Japan proper, in addition to protection for the North Manchukuo Railway; increased mechanization and the introduction of conscription.

The five-year plan appropriations were added to the requested regular military expenditures.

## REVOLT THREAT UNDER CONTROL

Danger From Peon Movement Against Governor Appears Over

MEXICO CITY, July 25 (AP).—A threatened uprising of Mexican peasants in Tamaulipas was reported under control tonight, but students and supporters of Tomas Garrido Canabal, ousted dictator of Tabasco State, still faced each other defiantly in Villahermosa.

Reports to the War Department said the danger that the peon movement against Governor Rafael Villarreal in Tamaulipas would turn into an armed revolt apparently had abated.

### SLIGHT POSSIBILITY

Some "slight possibility" that Villarreal could continue in office despite the peasants' complaints of aggression was seen after the governor conferred several hours last night at Tampico with Minister of the Interior Barba Gonzalez.

Villarreal himself, who has maintained throughout that he could handle the situation, reiterated his determination not to resign.

Reports from Tabasco, however, indicated the possibility of trouble there, even though Garrido had accepted "the severe test" involved in President Lázaro Cárdenas' intervention to break his power over Tabasco and sent word to the executive that he wished him "to continue counting me among your friends."

"Red Shirt" followers of the former political boss, officially estimated to number 15,000, confronted some twenty students, who have bitterly opposed Garrido, in Villahermosa. Tabasco capital, under the watchful eyes of the State's new military commanders.

A state peace continued as Federal troops enforced strict orders against demonstrations, but more students slipped into Villahermosa to reinforce the garrison fortified in a house under military guard. Eighty redshirts yesterday deserted ranks to join the students.

## Ethiopians Prepare for War

Latest Pictures From Abyssinia Show Soldiers of Emperor Haile Selassie, Equipped With Modern Arms, Training Near Addis Ababa for the Threatened War With Italy. Note the Soldiers Are Barefooted.

PARIS, July 25 (AP).—The League of Nations Council will meet July 31 to tackle the Italo-Ethiopian dispute, the Foreign Office announced tonight.

At the same time, Premier Benito Mussolini of Italy notified Premier Pierre Laval of France he was no longer opposed to having a fifth neutral member of the Italo-Ethiopian conciliation commission.

It was made clear, however, that his acceptance must be met by the Council's promise to limit the commission's duties to arbitration of the frontier skirmish at Ualul last December, shunning the question of frontiers.

Ethiopia also notified France that she was willing for the League Council to name a fifth arbitrator, but insisted the Council fix the subjects to be discussed.

FASCISTS EXCITED  
ROME, July 25 (AP).—Rome rocked tonight by the refusal, "Ethiopia" shouted from 100,000 Fascist throats as one of the greatest demonstrations in the capital's history gathered at Colonna and Venezia Squares to report approval of Benito Mussolini's African programme.

A particularly frenzied shout swept through the enormous crowd when the Fascist Secretary for Rome, Orazio Grazi, assured the crowd that Italy would "be ready for war against blacks and yellows, and, if necessary, blondes."

Previously the demonstrations had continued on Page 8, Column 7

Berkeley Star Eliminates John Murio in Thrilling Five-Set Match in Canadian Tennis Tournament—Wally Martin Remains in Singles by Smart Victory

WITH play in the Dominion championships, now in progress at the Victoria Lawn Tennis Club courts, advanced to the semi-finals, ranking Canadians are still in the running for three national titles. Wally Martin, Toronto, and Mrs. Ewen Cameron, Brandon, will carry Canada's colors into battle today in the singles events, while the Milne sisters, Jean and Susie, of Vancouver, will be the Dominion's representatives in the women's doubles.

Two other Canadians, Miss Mildred Phillips, Victoria, and Miss Vera O'Brien, Vancouver, are still in the fight, but are paired with American partners in the doubles event. United States Pacific Coast net stars are well represented in every event, and in the men's and mixed doubles have gained every semi-final berth.

## WALL OF WATER SWEEPS VALLEY

Near Clonburst Destroys Homes and Livestock in Central Oregon

BEND, Ore., July 25 (AP).—Residents of Pine Creek Valley of Central Oregon tonight were clearing away the debris and repairing wreckage of a near clonburst which swept away homes and livestock, but miraculously took no human lives.

A wall of water twenty-five feet deep gushed down an arroyo and swept away buildings from the Hillman ranch, William McGreer reported.

Estimates of the losses mounted hourly, as Federal and State relief workers made their way into the isolated country east of the John Day River, carrying food and medical supplies.

## FISHERMEN OF NANAIMO DROWN

Wallace and Arran Peters, Indians, Lost From Boat in Bad Weather

NANAIMO, July 25 (AP).—Wallace Peters, twenty-four, and his brother Arran, sixteen, Nanaimo Indian fishermen, were drowned at Smith's Inlet last Thursday; their relatives were advised today.

The two left Nanaimo June 15 to fish for the Margaret Bay cannery and on Thursday were out in windy weather.

Their boat was found with fifty fathoms of net out. It is believed Arran fell overboard and that his brother was lost trying to save him. Surviving is their mother, Mrs. Mary Peters, of the local reserve, two brothers and six sisters. Their father, the late Joseph Peters, was a well-known football player.

## Check Spread Of Flames in Hard Battle

PASCO, Wash., July 25 (AP).—Four buildings in the oldest section of the city's business district were destroyed by fire here late today.

Firemen were successful in their desperate battle to save the Cunningham Hotel from the blaze. All walls of the burned buildings collapsed into a flaming heap of ruins. The firemen still were pouring water on adjacent buildings and the burning ruins late tonight to prevent any flare-up.

## Sister Superior Celebrates Sixty Years of Service

Rev. Sister Mary Gabriel, Superior of the Sisters of St. Ann at Kamloops, B.C., will observe tomorrow the diamond anniversary of her ordination to the order. Formerly Margaret Jane Rowan, she was born at Rosedale, Que., and taught in the United States for several years before being appointed principal of the Indian Reservation school of the order there. For the past six years she has been superior at Kamloops.

## BOND ISSUE TO PROCEED

Vancouver City Successful In Defence of \$1,500,000 Loan Programme

Vancouver City won the decision in a third approach to the courts yesterday over its right to issue \$1,500,000 in new debentures without the assent of its ratepayers, under the terms of the Vancouver Enabling Act passed at the last session of the Legislature. Mr. Justice Martin, sitting in Appeal Court chambers here, dismissed a motion which would have deposited all proceeds of the bond issue in a trust fund until the validity of the city's action had been fought out by trial in the courts.

The proceedings were the third round of preliminary applications, preceding full trial of the issue in September in the Supreme Court of the Province. In the first move, taken on the Mainland, counsel for G. L. H. Smith, a Vancouver taxpayer, obtained an interim injunction stopping the city proceeding with the bond issue under a special by-law. The city passed a fresh by-law, and against blacks and yellows, and, if necessary, blondes.

Previously the demonstrations had continued on Page 8, Column 7

## WAS FURTHER MOVE

The application in Appeal Court chambers here yesterday was by way of direct motion by counsel for Mr. Smith under the Appeal Court Act, asking the courts to halt proceedings on the bond issue by the city, or conversely to stop output of any money raised by the debenture sale, until the main action testing validity of the city's course has gone to trial. The final submission by counsel for Mr. Smith was that the court should order the proceeds of the bond sale to be placed in a trust fund and held intact until the whole issue was decided.

Mr. Justice Martin heard argument by four barristers in an extended sitting in the morning, and gave a brief written decision in the afternoon. His lordship's ruling was, in part, as follows:

"After carefully considering the application in all its aspects and in the light of the authorities cited, I am of opinion that the city is entitled to proceed with the bond issue."

## Bans News Of Dispute From Radio

TOKIO, July 26 (AP).—The Communications Ministry today prohibited scheduled radio broadcasting of the Italian and Ethiopian national anthems, as well as any news pertaining to the Italo-Ethiopian controversy.

At the same time it was announced by a Foreign Office spokesman that Japan retains the right to export arms to Ethiopia or any other country, but the Italian embassy was not informed, the spokesman said, that Japan reserves the right especially in the case of Ethiopia.

## Hoquiam Guardsmen Use Fixed Bayonets To Scatter Rioters

Strike Sympathizers Stone Company of State Troopers and Smash All Windows in House Before Aid Arrives

HOQUIAM, Wash., July 25 (AP).—Rioting broke out here again tonight when members of a crowd of 500 strike sympathizers and onlookers stoned a company of National Guardsmen rushing to rescue ten beleaguered comrades.

The guardsmen, under personal command of Maj. W. C. Hand, of Yakima, escaped from their trucks with fixed bayonets, scattered the crowd and quickly restored comparative order.

Ten guardsmen stationed at a house from which shots were fired into a crowd yesterday were surrounded by the mob when reinforcements arrived. The crowd had smashed all the windows in the house and refused to disperse before the handful of guardsmen.

Departure of Post and Will Rogers by Plane Starts False Rumor

LOS ANGELES, July 25 (AP).—Wiley Post, his wife and Will Rogers, who were expected to depart today for a New Mexico resort to spend a few days' vacation, although when they left the airport the ship was flying north and it was generally assumed they were off on the first leg of the round-the-world flyer's projected journey to Moscow.

The information came from a confidential source which did not disclose their destination more specifically. It drew support from the actor-humorist's comment in his newspaper column Wednesday when Rogers said:

"Wiley Post and I been 'blathering about flying over to a ranch in New Mexico and some guy with a poor plant on geography got it mixed up with Siberia."

## ALL ABLE MUST WORK ON FARMS

Ontario to Remove Unemployed Refusing Jobs From Relief Lists

TORONTO, July 25 (AP).—Every single unemployed man in Ontario, physically able to work, will be struck from the relief rolls on August 1 and heads of families must accept farm work or be similarly cut off, Premier Mitchell F. Hepburn announced today following a Cabinet meeting.

With farmers clamoring for help, said the Premier, there was no need to feed able-bodied single men from the public purse.

"We are satisfied that many relief recipients are seeking lives of idleness rather than usefulness," said the Premier. "and the Province cannot stand the drain of relief expenditures. It is costing us well over \$3,000,000 monthly."

## Killed by Fall Of Rock in Mine

HAILEYBURY, Ont., July 25 (AP).—John Vincent Considine, thirty-four, former Ontario provincial police officer, was fatally injured by a fall of rock in a mine at Noranda, Ont., yesterday, friends here were advised today.

He was formerly a member of the Royal Canadian Mounted Police in Western Canada and of the Provincial Police in Alberta. He is survived by his widow and one daughter, Margaret, four, living at Kapuskasing, Ont.

## BLAST KILLS EXPERTS IN EXPLOSIVES

Two Bodies Remain Buried Under Many Tons of Debris

ACTUAL CAUSE OF ACCIDENT MYSTERY

WAVERLEY, N.S., July 25 (AP).—An explosion of nitroglycerine near a former manufacturing plant killed three experts of Canadian Industries Limited, tonight, burying them under tons of debris that still held two of the bodies shortly before midnight.

The dead: Joseph Cole, of Riga, Que., considered one of the greatest technical experts on explosives in Canada; Harold M. Roscoe, district sales manager of the C.I.L. explosives division in Halifax, and formerly of Edmonton, and William Pitcher, works manager of the company's fertilizer plant in Halifax.

Ordered to protect the public against any danger of explosion, a party of four went to the company property early tonight to test the ground around an old plant where explosives had been made before the war.

The only man to escape death in the party of four was Willis Leighton, of Halifax, who had been sent into the woods with surplus dynamite not required for the operation on hand.

While the tragedy had not been fully explained tonight, it was believed that more nitroglycerine than anticipated had saturated the property.

Sweeping ten sticks of dynamite in his hand, Leighton was hurled into an old well, where he lay for several hours before he was rescued.

## LEWIS STONE CITY VISITOR

Famed Hollywood Actor Passes Through Victoria—Returns Next Week

Arriving shortly before midnight, Lewis Stone, veteran motion picture actor of Hollywood, mingled for nearly half an hour last night with a festive crowd at the Empress Hotel before being discovered.

While newspapermen and others crowded around him and asked questions, he politely but firmly declined to talk, and after speaking to his wife in a low tone, left the hotel.

With his wife, his manager, Fred Fralich, and Mrs. Fralich, and friends, Mr. and Mrs. Silas Grant, Mr. Stone arrived here on the Ss. Alexander at 11 p.m. He came up-town to the Empress Hotel, returning to ship before she sailed for Seattle at 12:30 a.m. today.

## TO BOARD YACHT

Mr. Stone and his party, it is understood, will go aboard his yacht, which is anchored at Seattle. The party will return here some time next week, en route to Alaska waters.

During his brief conversation with news reporters, the actor expressed his disappointment at not reaching port before nightfall, as he was interested in seeing the many beauties of this city, which had been described to him by members of the movie colony. This was Mr. Stone's first visit to Vancouver Island.

Dressed in a smart grey overcoat of the latest fashion wrap-around style and wearing a grey sports suit, the veteran actor presented a fine appearance.

He looked in the best of health and appeared as he does on the screen. His iron-grey hair is somewhat thinning.

When pressed by newsmen to say something, Mr. Stone, with a laugh remarked: "Sure, how are you?" With this he thrust out his hand for a quick handshake, then disappeared through the revolving door and was gone.

## Testing of Big Plane Is Delayed

SEATTLE, July 25 (AP).—Failure of an oil feed line to work properly caused a delay today in the test flight of a giant mystery bomber at Boeing Field.

Hundreds of persons, including officials of the Boeing Aircraft Corporation, which built the bomber, had assembled at the field for the flight.

Leslie R. Tower, chief test pilot, finally abandoned plans for taking the ship up this evening.

# Ethiopians Plan To Meet Italians In Night Attacks

**Guerrilla Warfare to Be Mainstay of Abyssinian Tactics in Event of Conflict—Observers at Addis Ababa Think Importance of Chemical Weapons Overestimated**

ADDIS ABABA, Ethiopia, July 25 (AP).—Night attacks, swift, silent rushes with rifle butts and spears instead of bullets, will be the tactical mainstay of Ethiopia's warriors if Italy carries out her heralded invasion.

Fear of these tactics, it is believed here, has led Italian strategists to resort to chemicals which they assert will eat through heavy leather shoes and, sprinkled on the ground, break havoc among the bare-footed Ethiopian soldiers.

However, observers here, weighing the chances of Emperor Haile Selassie's primitive fighting men against Benito Mussolini's mechanized, highly modernized war machine, were inclined to believe the

Italians had over-estimated the importance of their new chemical weapon.

The Ethiopians, like the Boers in the South African Transvaal, probably will rely almost entirely on guerrilla warfare, it was said, fighting as their ancestors have fought for more than 2,000 years.

**HIDDEN BY DAY**

Lying hidden by day, letting the Italian advance with little more than sporadic sniping, they will trust to darkness to cover their creeping approach for the wild-screaming attack and hand-to-hand conflict at which they excel.

For the Italian chemical to be effective, it said here, it would have to be sprayed over most of Ethiopia's 350,000 square miles. Ethiopians are not likely to mass for attack. Instead, they will either strike in small bands or try to lure the invaders into ambushes where tanks, which spray the chemical, would be useless.

Even where the rough terrain permits the operation of tanks, the modern weapon may prove far less effective than Italian military experts anticipate, say local observers.

In substitution, they recall what happened last December at Ualul, scene of the clash that touched off the whole dispute.

At Ualul, Haile Selassie's frontier troops had their first taste of tanks. Their bullets splashed against the steel plate and dropped off. But they neither continued to waste ammunition nor fled in bewilderment. Withdrawing into the bush, they rounded up wild cattle, set them stampeding among the armed and armored under cover of the blinding billows of dust the

## Mongrel Dog Goes to Jail

"Switch" and Her Master Convicted of Stealing Train Ride

"Switch" and Her Master Convicted of Stealing Train Ride

MOOSE JAW, Sask., July 25 (AP).—"Switch," the mongrel dog which has been in the Saskatoon riot, the Vancouver store trouble and the Regina riot, and who rode the cushions back to Vancouver at the expense of the Government of Saskatchewan, is in "durance vile" in Regina jail, and so is her master, Jim McDonald, forty-nine-year-old, relief camp striker.

"Switch" and McDonald were in Calgary the other day en route to Ottawa riding the freight. When the freight train they had selected pulled into Swift Current, Wednesday, five men and a dog were seen to leave two automobile freight cars, Canadian Pacific Railway police, Royal Canadian Mounted Police and Swift Current city police gave chase and all six were apprehended.

The five men faced A. Hull, justice of the peace at Swift Current, and four of them were fined \$1 and costs each or ten days in jail. The fifth was allowed to go with a warning. Three of them were given time to pay the fine.

McDonald was charged with stealing a ride on the train and took his dog "Switch" with him to jail. They left Swift Current in a police car for Regina jail.

## "MARRIAGE" OF GIRLS ANNULLED

Feminine Bridegroom Takes To Skirts Under Orders of Police Chief

Feminine Bridegroom Takes To Skirts Under Orders of Police Chief

COLUMBUS, Kas., July 25 (AP).—Pretty, red-haired Margaret Fowler, seventeen, legally shed her feminine "husband" today and the onetime "groom," Allice Delores Hayes, twenty-one, shed her trousers in favor of women's attire.

An annulment by Judge V. J. Bowersock snipped the matrimonial bonds tied ten days ago.

A police chief's ultimatum, her employer's advice and a shopping trip took Miss Hayes out of trousers and put her in skirts. Whether she would stay put was another matter.

At Picher, Okla., where she worked in a men's clothing store as George Hayes and dated several girls, Miss Hayes refused to say whether she would continue wearing skirts—or go back to male attire.

"Been too much said now," she murmured.

**BORROWED WIFE'S DRESS**

She wore a dress in Picher last night when she accompanied the "bride" to a dance. The dress was borrowed from the "wife." Today she made her first purchase of a dress in years.

Chatting in friendly fashion, the girls left court after the annulment, hands in hand. They did not divulge their plans as they left for Miss Fowler's home at Galena, Kas.

Miss Fowler testified she "wasn't absolutely sure" Miss Hayes was a girl at the time of the wedding. A few days later they decided to seek the annulment.

It was an edict of Al Manes, Picher police chief, that caused "George" Hayes to don skirts. He threatened to arrest the girl—who said she grew to like boy's clothing and habits in playing outdoors for her health—if she appeared in trousers again.

An actress was incensed by the conduct of the old pro in varying his performance slightly when on the stage.

"That was not rehearsed," she said. "If you were my husband I'd knock your head off your shoulders for that."

The old actor looked at her gravely, blandly, steadfastly for a moment. Then he answered: "Madam, if I were your husband I'd be grateful to merciful Heaven for a sudden end, however dramatic."

Members of the Canadian Legion and other organizations will be invited to the meeting, in order that plans may be formulated for putting the avenue into proper condition.

## How to Keep Well

You are in the pink today. But tomorrow you may be down in the mouth, grumpy and generally hard to get along with. Ten to one it's because your eliminative processes are not complete. You are suffering from partial constipation without knowing it.

You need never feel that way any more if you follow the simple Andrews Rules of Health. They are common-sense rules. Go to bed in decent time and get all the sound sleep Nature demands. Don't worry. Eat moderately. Get as much fresh air and play as you can. And, every two or three days, take a sparkling, bracing glass of Andrews Liver Salt.

Andrews, the largest selling saline in the British Empire, helps keep millions healthy. The occasional glass gives the system just the stimulus it needs to keep you clean inside, and makes the use of gripping, habit-forming medicines unnecessary.

Andrews has a very definite beneficial effect on the stomach lining, and a soothing, sedative effect on the digestive organs. The occasional, pleasant tasting glass of Andrews will keep you in splendid shape.

Ask your druggist for Andrews Liver Salt. Small tin, 35c; Large tin, 60c; The extra large bottle, 75c. Proprietors: Scott & Turner Limited, Newcastle-upon-Tyne, England. Distributed in Canada by McGillivray Bros., Limited, Toronto.

## Nazis Launch Attack On Three Fronts and Veterans Bear Brunt

Steel Helmet Units Dissolved and Property Provisionally Seized—Catholic Editors Have Cause for Concern—Foreign Press Bitterly Assailed

BERLIN, July 25 (AP).—Nazism's sweeping offensive against "reactionaries" struck simultaneously today the Catholic press, foreign journalism and the Steel Helmet Veterans' organization, with the latter the hardest hit.

Steel helmet units in Western Mecklenburg were dissolved and their property was "provisionally seized and sequestered" on the grounds that the veterans had resisted Nazi orders, refused to participate in air defence drills and spread "mendacious rumors, bordering on high treason."

Indications were that the Stahlhelm, which helped put Adolf Hitler into power, soon would be banned throughout the Reich, despite Dr. Goebbels' reported promise to Franz Seidler, Minister of Labor and Social Affairs, not to dissolve it.

Catholic editors found cause for concern in the fact that the three months given them to bring their newspapers into accord with "the National Socialist limit" expired today.

They wondered how soon Max Amann, president of the Reich press chamber and boss of the German publishing business, would act on the decree he issued on April 15 ordering the newspapers to show they agreed with Nazi party principles or suffer suspension.

A demand for complete elimination of Catholic newspapers, as part of the drive against "political Catholicism," appeared in the Nazi party organ at Baden, "Fuehrer."

Nazi newspapers, with one voice, assailed the foreign press for "slandering biased reporting and exaggeration" in connection with the Government's anti-Semitic and anti-Catholic campaign, pointing to disorders in other nations to support their contention that the pot was calling the kettle black.

Front page headlines concerning the "foreign atrocity" press recalled "daily lynchings in the United States," religious riots in Belfast and anti-Semitic disorders in Algiers in accusing the American, British and French press of spreading lies or playing up German happenings to distract attention from conditions at home.

## FIND BOY AFTER TWO-DAY SEARCH

Three-Year-Old Discovered Near Home After Wandering in Bush Without Food

REGINA, July 25 (AP).—Bodily bitten by mosquitoes, but otherwise in good condition, "Curley" Scarrow, three-year-old boy of the Arcadia district, was found this afternoon after being lost for fifty-two hours.

Two R.C.M.P. constables, Rivett and Maxstead, and a neighbor, Calvin Ingram, found the boy a mile and a half north of his home on the edge of Thirsty Lake.

When found, he was clad only in his shirt, having lost his overalls some time during the two days in which he had wandered near his home.

During the two-day search for the lad, 350 people altogether assisted. The searchers marched through bush and waded numerous sloughs in their efforts to find the boy.

## ARCHBISHOP IS VISITOR

Most Rev. M. T. M. Harding, Of Rupert's Land Diocese, Holidaying in City

One of Canada's foremost clergymen, Most Rev. Malcolm Taylor MacAdam Harding, Archbishop and Metropolitan of Rupert's Land, largest province of the Church of England in Canada, is visiting in Victoria.

He is staying at the Union Club, and when interviewed last night, stated he was here for a rest and intended to stay two weeks.

Archbishop Harding, silver-haired and keen-eyed, is endowed with much charm, and despite his seventy-two years, is a vigorous man and quick in action. He sees good in everything and everyone, and carries his large frame with dignity.

Prior to succeeding the late Archbishop Isaac O. Stringer as Archbishop of Rupert's Land in February of this year, Archbishop Harding was for some twenty-four years Bishop of Qu'Appelle, with headquarters at Regina. His present home is at Bishop's Court, Winnipeg.

For fifty years Archbishop Harding has served the church, following along varied paths, but his devotion to the small Prairie diocese of Qu'Appelle to the greatest missionary diocese in the Dominion, probably will be marked as his greatest achievement.

His responsibilities today are great, for his vast province of Rupert's Land stretches from the Great Lakes to the Rocky Mountains and north to the Arctic.

Education questions have always interested him. In Qu'Appelle diocese he fostered a diocesan school for girls, the Sunday school mission bands and the Sunday school post, which grew to provide 4,000 children in outlying districts with weekly lessons.

He was given the honorary degree of Doctor of Divinity by both St. John's College, Winnipeg, and St. Chad's College, Regina. At present he is chancellor of St. John's College and was formerly chancellor of St. Chad's.

Archbishop Harding first visited Victoria in 1893, and at that time preached in the old cathedral. Many times since he has visited this city and has many friends here.

## Character Actor in City for Hour

Arthur Lismer, of Toronto Group of Seven, Addresses Summer School

Deplores the pervasive ugliness of man-made things that constitute one's environment in the New World, Arthur Lismer, one of the noted "Toronto Group of Seven," gave a most fascinating talk to a big audience of Summer School students at the Victoria High School yesterday morning on the subject of "Art in a Changing World."

In the part of his address that prefaced the showing of a series of lantern slides, Mr. Lismer forcibly suggested the hope that he might be able to make his listeners restless (discontented) with ugliness. "Art for life," he urged, pointing out the vital importance of art in small things. Art was not only a matter of creating beautiful tapestries and painting pictures. It should influence the form and decoration of all the humble things of life, even to the post and paper.

In this connection he pointed to the difference of the peoples of the Old World and the New. It was much to be deplored that when Europeans came to Canada they seemed to lose their sense of beauty. Their handicrafts, which should have been preserved and brought with them from Europe, were lost, and instead they tried to emulate the people of this country who had little interest in craft work.

BEAUTIFY LEISURE The importance of sensing this importance of art as applied to everyday things and everyday life was becoming particularly important with the prospect of greater leisure with a shortened working day that is looked for in the anticipated new order of things. An eight-hour working day would leave eight hours for leisure and eight hours for sleep. But what about the use to which the eight hours' leisure time was put. To use this time properly demanded appreciation of beauty and its incorporation into everyday things, the speaker maintained.

Mr. Lismer also pressed the importance of preserving the imagination of childhood. This instinctive and natural thing should be given an opportunity to live instead of being suppressed in the early years of school by the drawing of pots and pans and bottles.

BEAUTIFUL SLIDES To illustrate how the peoples of the past lived with their art, Mr. Lismer showed many slides with a lantern very skillfully operated by Mr. Young. Among the most beautiful of the pictures were those of frescoes of Giotto and Michael Angelo, and of the famous Bayeux tapestries into which had been woven the story of the Norman Conquest.

There were also shown numbers of pictures of rugs and other crafts made by the people of Quebec. This kind of art should not be allowed to die.

Introduced by the principal of the Summer School, John Kyle, Mr. Lismer was also thanked by Mr. Kyle after the enthusiastic applause died away. Announcement was also made that the lecturer would give a second illustrated lecture at 11 o'clock this morning in the High School Auditorium, and again tonight at 8:30, when the subject would be "The Art of Children."

The Appeal Court, on the present application, could not consider reversing the order of Mr. Justice H. B. Robertson in the injunction suit in the court below. Mr. Farris submitted; and any exercise of the court's powers to stay matters in connection with the bond issue would open a dangerous precedent, where one person could block the united will of a corporation of many thousands of persons.

Other and technical arguments, buttressed by citations, were presented on either side before the luncheon recess. Mr. Justice Martin dismissed the motion in an expedited ruling handed down at 3:30 p.m.

Tommy was entertaining his maiden aunt. "Say, Auntie," he said excitedly. "Dad says there ain't another woman in the world like you."

"Why, that is very flattering of him, I'm sure," she answered. "Yes, and he says it's a good thing, too."

Continued from Page 1 all the unusual circumstances of the case, I find myself unable to reach any other conclusion than that the special powers conveyed on me by Section 10 of the Appeal Court Act should not be exercised. Therefore, the motion must be denied, with costs to the defendant.

MINIMUM WAGE IS PROTESTED

Truck Drivers and Helpers Discuss Widening Membership of Organization

Considerable progress was made by the newly formed union of Truck Drivers & Helpers last night. Steps were taken to widen the membership of the organization, which is growing steadily.

Chief matters to come under discussion were those pertaining to the minimum wages set by the Provincial Government, and also the question of licences.

A resolution was passed requesting the Government to abolish the four dollar licence for truck drivers inasmuch as the minimum wage set for them was thirty-five cents an hour, which was less than the scale of wages set for relief work. When a licence was issued, the drivers were treated as skilled laborers, but when a minimum wage was set, they were treated as ordinary laborers. It was contended.

EXCEPTION TAKEN The attention of Government officials also will be drawn to the alleged practice of "drive yourself" auto livery concerns, which certain delegates claimed were carrying on a regular transfer business without having a licence.

Exception was taken to Adam Bell's attitude with regard to receiving delegations from employees' organizations. The deputy minister of labor was quoted as saying in a letter that in his opinion he could see no use of delegations meeting the Industrial Relations Board, because they did not get anywhere.

One delegate said he could understand this attitude when the minimum wages, judging from the scales brought into effect, were obviously those recommended by employers.

A small child's description of her first concert: "There was a lady screaming, and a waiter played on the piano all the time."

## YOUNG PIANIST SCORES TRIUMPH

Eleven-Year-Old Girl Wins Plaudits of Large Audience at Toronto

TORONTO, July 25 (P).—Tamara Blum, Montreal, eleven-year-old pianist, proved a sensation at tonight's Promenade Symphony Orchestra concert.

A crowd of 3,500, applauded her so loudly that she returned three times to give encores.

Despite the fact she lacked physical strength for heavy octave passages and chordal fortissimos, she displayed an astonishing command of the piano. She played the first movement of the "D. Minor Concerto" with Reginald Stewart's orchestra, and returned to render a "Toccata" by Paradies, Mendelssohn's "Spinning Song" and an "Etude" by Chopin.

## PARTY HEAD LEAVES FOR WEST COAST

Stevens Says Election Date  
Should Be Announced as  
Soon as Possible

### HAS NO AGREEMENT WITH CONSERVATIVES

TORONTO, July 25.—On the first stage of his Western campaign, Hon. H. H. Stevens, Reconstruction leader, left Toronto tonight for Winnipeg. Arriving here from Ottawa this morning, Mr. Stevens spent the day in consultation with Warren K. Cook, chief organizer, and others prominent in the new movement.

Numerous callers helped to fill in a busy day for the leader of the newest political party.

Disatisfaction with the Dominion Government of Prime Minister R. B. Bennett was the reason for the Liberal sweep in Prince Edward Island, Mr. Stevens said. He also expressed the view that the date of the Dominion election should be announced as soon as possible because the uncertainty was disturbing to business.

### AT WINNIPEG SATURDAY

Mr. Stevens will attend an organization meeting in Winnipeg Saturday, and then will go on to Calgary for a similar gathering. He expects to speak at the nominating convention at Cranbrook, B.C., in his riding of East Kootenay on his way West, and will make some speeches in Vancouver. The greater part of his speech-making will be made on his return journey. The itinerary is not yet available.

He stepped hard on rumors that his party was in league with the Conservatives to split the anti-Government vote.

"There is no ground for the statement and no truth in it," he insisted. "There is no rapprochement between myself and Government forces or any member of them. The Reconstruction party is in no sense allied with the Conservative party nor any other party. Our object will be to have a candidate in every riding in Canada, and it looks as if we would succeed."

### INFLUENCE OF BUSINESS

"How do you propose to counteract the widespread Liberal support which appears to be indicated by Provincial elections," Mr. Stevens was asked.

"From Sidney to Prince Rupert there is a very deep-rooted conviction that both the old parties are subject to the dominating influence of the larger business interests," he replied—"what is known as the big interests. I am not making this statement in the bitter sense. I think the voice that we will get will be in resentment of that situation."

He believed the public was looking at economic and political issues today in a different way than for the past twenty-five years.

Mr. Stevens was asked how he proposed to retire the public debt in twenty-five years, and yet pay for constructive measures outlined in his manifesto.

### IS NEW PROPOSAL

His reply was that the proposal to develop latent natural resources for the purpose of retiring the national debt was an entirely new one. Hitherto Governments had looked merely to taxation and taxation to the limit. While maintaining taxes to balance the budget, he felt that the policy whereby the treasury would benefit from Canada's resources "instead of giving away concessions" would provide an increasing revenue over the years for debt retirement.

As for financing the proposed constructive schemes, such as housing, he felt they could be financed largely from savings in relief expenditures which now amounted to approximately \$100,000,000 a year.

Mr. Stevens had nothing to say in respect to the social credit system advocated in Alberta. He was always prepared to discuss matters with anyone, he replied when informed that dispatches from the West indicated he would meet social credit leaders there.

The Reconstruction party, if elected to power in the Federal field, hopes to work in harmony with Provincial Governments throughout Canada, Mr. Stevens said.

### TROLLER KILLED WHEN CLOTHING ENTANGLED

JUNEAU, Alaska, July 25.—His clothing entangled in the moving belt of a trolley, a fisherman, was fatally injured, his partner, Hans Rasmussen, reported on the arrival of the boat here today. He said that he found Johnson's body when he awoke from sleep.

Johnson is survived by four brothers, all of Tacoma, and two sisters, one of Tacoma and one of Seattle.

### Mrs. Ganner of Nanaimo Passes

NANAIMO, July 25.—Mrs. Mercy Ganner, seventy-two, wife of William Henry Ganner, died today at the family residence, Pridoux Street, after a long illness.

She was born in Staffordshire, and came to Nanaimo in 1892.

## SAW SHIP TWO MILES DISTANT

Officers and Crew Members  
Of Calmar Testify at  
Marine Inquiry

SAN FRANCISCO, July 25.—Officers and members of the crew of the freighter Calmar, which was struck by the Japanese motorship Koryu Maru, off the Golden Gate last Tuesday night, testified today at a Federal inquiry that the Japanese vessel was two and a half miles away when they first sighted her.

Captain Axel Mikkelsen, of the Calmar, declared that as soon as the Koryu Maru was seen he ordered his ship's course changed and a whistle was blown to indicate that fact. He said the Japanese ship did not respond.

When the ships were approximately a mile apart, Captain Mikkelsen said, he ordered the Calmar's engines "full speed astern" and gave three whistle blasts.

"The Koryu Maru answered this signal," he testified, "but did not appear to change course or alter speed. Three minutes later the crash occurred."

Captain Mikkelsen's testimony was substantiated by Third Mate John A. Lerch, Henry B. Guldbrandson, lookout, and Caspard Weekley, seaman at the wheel. Capt. M. Kudo and other officers of the Koryu Maru did not testify at the hearing. Capt. J. T. Tibbels, local inspector of hulls, who conducted the inquiry, said they were within their rights in refusing to testify.

## DELEGATES ARE DISAPPOINTED

Petitioners for Secession  
Returning to Australia—  
Efforts at London Fail

LONDON, July 25.—Bitter disappointment at the reception they were given was expressed today by delegates who brought the petition of the State of Western Australia for secession from the Commonwealth, on the grounds of economic injustices.

J. McCallum and J. K. Watson, who will return at the week-end after being here since last October, in a joint statement said: "The extraordinary determination of the British Government to avoid the reception of our petition, and to suppress any Parliamentary decision on the questionable conclusion of the joint select committee, has served to aggravate the entire absence of frankness on the part of the Dominions' Secretary (J. H. Thomas) during the whole negotiations."

### POSITION IS UNDERSTOOD

"We are disappointed beyond measure at the British Government's deplorable indifference, but in any action which the people of Western Australia might now pursue, they will at least have the satisfaction of knowing their intangible and impossible position within the Australian Federation is well appreciated and understood in almost every quarter here. To this extent our mission has not been in vain."

The British Government declined to entertain the petition and the special joint parliamentary commission found the matter was logically one for the Australian Commonwealth Government and Parliament to deal with first. The petition followed a plebiscite in which the state voted by a majority of two to one for secession.

## SAYS OATH OF OFFICE BROKEN

Roosevelt Accused of At-  
tempting to Undermine  
Power of Court

LOS ANGELES, July 25.—Colonel Frank Knox, publisher of The Chicago Daily News, tonight accused President Roosevelt and his advisers of promoting enactment of laws "for the deliberate purpose of undermining the power and prestige of the Supreme Court."

Speaking before the Los Angeles County Republican Assembly, Colonel Knox, who has been mentioned as a possible Republican presidential candidate, declared:

"With a full sense of the meaning of my words, I ask, are such acts in accord with the sacred oath taken not only to defend and to protect, but to preserve the constitution? Upon what food does this, our Caesar, feed? What madness, has seized upon him? Does he not see how dangerously close this comes to conspiracy to break down our institutions of government?"

Reviewing Administration measures he declared to be of doubtful benefit to the people, he declared to be of doubtful benefit to the people.

## When Cecil Rhodes founded Rhodesia

Fifty years ago, when that pioneer of Empire Cecil Rhodes was founding Rhodesia, we were pioneering Australian Wines.

And with something of Cecil Rhodes' doggedness and optimism, we slowly plodded our way against the prejudice which then existed against Empire Wines.

To-day, EMU Australian Wines are recognised throughout the Empire as being amongst the choicest wines produced anywhere.

For example, EMU 444 and EMU 999—White and Tawny Port—challenge comparison with Foreign Port. They are full-strength wines of outstanding merit and cost you far less than Foreign Port of equal quality because they receive a tariff preference when entering Canada—due to their Empire origin.

Lay a long envelope across the Roadflight Tread, from edge to edge. Mark the width! Lay the same envelope across the treads of other tires of the same size and price—and note this: the Roadflight Tread is definitely wider than any tire at the same price, and equally as wide as more expensive tires of comparative size. Therefore, it offers at no extra cost more non-skid road grip, more traction for quick start and pickup, more braking surface and gripping edges—a safer, longer wearing tire. What's more, there's extra width of shoulders beyond tread edges.

## SEMI-CLASSIC MUSIC CHOSEN

Fifth B.C. Coast Brigade Band Will Entertain on Show Boat Tonight

By way of variety, Alfred Prescott, leader of the 5th B.C. Coast Brigade Band, has arranged a semi-classical programme of music for the entertainment on the Inner Harbor Show Boat tonight.

Again the band will offer some novel effects, which have been well received by the public this season. The programme will start at 8 o'clock with the march and procession of Bacchus from the "Ballet Sylva" by Leo Delibes.

A value lent, "Love's Last Word," and selections from Victor Herbert's "Princess Pat" will lead up to Franz Schubert's famous overture from "Rosamunde."

Harry Hay, well-known tenor of the Canadian Radio Commission network, will sing "In Old Vienna Town" by Sigmund Romberg. This solo will be followed by Hay's march, "National High School."

Selections from Verdi's "Il Trovatore" and three dances from "Henry the Eighth," by German, follow next, after which Evans' well-known march, "The Great Divide," will be rendered.

The two concluding numbers on the programme are the quartette from Verdi's "Rigoletto" and selections reminiscent of Scotland, arranged by Godfrey.

### EXPLOSION KILLS THREE EXPERTS

Continued from Page 1

minutes in a semi-conscious condition.

The other three were caught under the debris and crushed to death.

Cole was well known in Halifax, coming here periodically to demonstrate products of the company. Roscoe is head of the explosives division in Halifax and is originally from Edmonton. With Pitcher and Leighton they dug a hole between the old stone buildings and Rock Lake and planted their test charge early tonight.

Leighton, manager of the Waverley plant, removed surplus explosives to the woods and while he was gone the first charge was shot.

TERRIFIC BLAST

This was followed by a terrific unexpected blast which ripped a hole twenty-five feet deep, 150 feet long and sixty feet across.

The nearby stone buildings crumbled and the body of Cole was found under the ruins of one of them. It was identified by a tag on his key ring. No trace of the other bodies had been found when darkness shut down.

Trees and bushes were felled or stripped of their foliage over a wide area, and the blast was heard for miles around Waverley.

The plant, situated on Canadian Industries property, was used for manufacturing explosives during the war.

Belief was expressed that some nitroglycerine might have run into the hollow between the buildings and the lake and remained there during the years since manufacturing operations ceased.

PROTECTING THE PUBLIC

MONTREAL, July 25 (C)—The explosion in Waverley, N.S., today, which cost three lives, occurred because of the efforts of Canadian Industries, Limited, owners of the property, to protect the public against any danger of explosions, officials stated here tonight.

For several months Joseph Cole, Rikard, Que, and other explosives experts had been visiting abandoned explosives plants and clearing them of traces of nitroglycerine that might be in the ground.

HAD EXPERT KNOWLEDGE

Left unexplained, these properties, it was felt, might be dangerous if used for farms or if buildings were erected upon them. The work of clearing was undertaken as a safety measure and those carrying it out were selected because of expert knowledge.

C.I.L. officials stated that Mr. Cole was recognized as one of the greatest technical experts on explosives in Canada.

During recent months he had visited a number of plants that had not been in use for a number of

# Social Activities and Notes of Personal Interest

## League of Nations Fete Will Be Well Organized

Small golf—a new game—will be one of the many attractions at the League of Nations garden party to be held at the home of Miss Agnew, Rockland Avenue, next Wednesday afternoon. The grounds will be thrown open at 2:30, the official opening to take place at 3 o'clock. Premier T. D. Pattullo and Mayor David Leeming, with Dean C. S. Quinlan, president of the local branch of the society, will declare the fete open and welcome the guests.

### MANY ATTRACTIONS

Captain Stanley Holmes, the conqueror of games, with Mrs. Holmes and Mrs. Charles A. Watson, will provide the following attractions: "Staking claims," Aunt Sally, the lucky line, table bagatelle, a new game of bowling and croquet combined and panning for gold and a coconut shy.

Two ponies will be available for the kiddies to ride, and arrangements are being completed for the ancient game of archery. Mrs. S. Macdure, the talented artist, will draw lightning portrait sketches in an improvised studio, where for a small sum guests may procure portraits of themselves or their friends.

### PRIZES OFFERED

First, second and third prizes are being offered for the best posters depicting the great ideal of the league—peace. Information regarding posters can be readily obtained by telephoning J. W. Gibson, E.3418, or Captain Brown, G.6493.

A novelty stall will be in charge of Mrs. Bagley, Miss Agnew, Mrs.

G. M. Weir and Mrs. C. R. Muttelbury. Donations for this stall will be readily called for on call to E.6237.

H. H. Wilcock, an ardent supporter of the league, will distribute leaflets concerning the work, and A. S. Averill, the energetic organizing secretary, will be in charge of the reception committee, who will do their utmost to help all guests enjoy the afternoon.

### AFTERNOON TEA

Ample seating accommodation will be provided for the tea tables; the refreshments being in the capable hands of Mrs. Alan Campbell and Mrs. J. W. Gibson, who will appreciate donations of confectionery. Miss Lottie Brown will be in charge of the literature stall, and Mrs. Kate Palmer will conduct a cake-guessing competition.

Mrs. S. J. Willis, the entertainment convenor, has provided two short programmes of fancy dancing, and the Y.M.C.A. acrobatic tumbler will give an interesting demonstration. Miss Mathieson has been placed in charge of the ice cream and lemonade stall, and Miss Joy Phillips will dispense appetizing home-made candies.

A gypsyland, with costumed seers, will attempt to illuminate future events, and Charles Bayette will act as auctioneer at the close of the festivities.

### EAST INDIAN EXHIBIT

An East Indian exhibit, in charge of Mrs. Fraser and Mrs. Borup, will be quite a source of attraction. A little lady will be dressed in native costume.

A. H. Finlison will be in charge of the several gates. A very small sum being charged for admission, children under twelve being admitted free, if accompanied by their parents.

## Royal Garden Party Is Brilliant Social Affair

Their Majesties Welcomed 6,000 Guests at Buckingham Palace Function—King Receives W. C. Martin, Ethiopian Minister to Great Britain

LONDON, July 25 (U.P.)—Real royal weather awaited the 6,000 guests of Their Majesties who thronged the broad lawns of Buckingham Palace this afternoon for the garden party marking the end of the brilliant Jubilee London season. Early next week the King and Queen will join the royal yacht at Cowes.

The garden party at the palace invariably comprises one of the largest, most diversified and most agreeable assemblages ever brought together to meet the Royal Family. Shortly after 4 o'clock, the King and Queen came from the palace, the King in grey frock coat and tall hat, a style of dress to which he remains attached despite its almost total disappearance from the West End.

**QUEEN'S GOWN**  
The Queen was attired in cream lace, a toque to match with high feather trimming. The Prince of Wales wore a darker grey morning suit.

Their Majesties first greeted other members of the Royal Family who

were awaiting them, both bestowing a kiss upon little Princess Elizabeth, their grandchild. Afterwards they went different ways in slow progress to the royal mausoleum, greeting all manner of nobles, high-born and humble brought to their notice by the ever-watchful equestrians.

**WEAR SMOKED GLASSES**  
Many women guests wore smoked glasses as protection against the bright sun. So far as women's dress is concerned, a royal garden party never attempts to vie with Ascot. Any lady attired in something Summery or generally becoming always feels at her ease, but a male companion daring enough to appear in less conventional garb than morning coat and top hat would feel out of it, though opera hats are occasionally pressed into duty, the wearers looking quite comfortable.

The King previously received a state visit from the new Ethiopian Minister to Great Britain, W. C. Martin, who presented his credentials.

## HOW TO MAKE ICED TEA

Infuse six heaping teaspoons of Salada Black Tea in a pint of fresh boiling water. After six minutes strain liquid into two-quart container. While hot, add 1½ cups of granulated sugar and the juice of 2 lemons. Stir well until sugar is dissolved; fill container with cold water. Do not allow tea to cool before adding the cold water; otherwise liquid will become cloudy. Serve with chopped ice.

## Gladys Glad On Beauty

Over in Italy, according to recent news items, Premier Mussolini has been waging a campaign to glorify the buxom feminine figure. That, of course, will undoubtedly exert some influence on Italian standards of figure beauty, but the Premier's proclamation will probably have little effect on American figure standards. In the first place, American women are fond of their youthfully slender figures, and would be loathe to give them up. And in the second place, modern clothes are primarily designed for slender women, and do not look half so well on plump or stout figures.

When you look at some of the new bathing suits it is quite simple to understand why styles today demand slender figure lines, for these suits are mainly designed for slender women, and do not look half so well on plump or stout figures.

The way of the diet, of course, is steep and slippery, whether you aim to be the loss of five pounds or of thirty-five. For there are so many temptations in the way of delectable dishes that confront the average dieter. However, the woman who can count the number of her excess pounds on the fingers of one hand will have a much easier time of it than her heftier sisters, for the woman who has acquired more than a dozen excess pounds can't use half-way measures, you see. For her a good, thorough course of dieting and exercising, such as the one outlined in my "New Figure" booklet, is by far the best.

For the luckier woman who has only a pound here and there to dispense with, there is a much simpler means of getting the figure into attractive shape, and that is by merely cutting the daily intake of food exactly in half. If you are in this class, stop eating between meals. Take one buttered roll instead of two for breakfast. Forego those second helpings at luncheon and dinner. You really don't need them, you know. And you'll be surprised at how quickly you'll lose those five or six extra pounds that are giving your figure such awkward, inharmonious lines!

Editor's Note: To obtain Miss Glad's pamphlets on "The New Figure" and "Beauty Culture," write care of Central Press Canadian, Toronto, enclosing a self-addressed envelope stamped with a 3-cent stamp and 10 cents in coin for each, to cover cost of printing and handling.

She was bidding her lover a fond farewell, for he was going on a business trip round the world.

Tearfully she clung to him and asked: "My darling, will you be true to me when you are far away? Promise that you will write to me from every town you visit!"

And as he gathered her in his arms, he cried: "Oh, Ada, is it love that prompts you to say this? Do you really love me, or are you merely collecting foreign postage stamps?"

### Visiting Tennis Players Attend Dance at Hotel

The Victoria Lawn Tennis Club held a most delightful dance at the Empress Hotel last evening, when the special guests of the evening were the visiting players taking part in the Canadian tennis championships.

The ballroom was thronged with dancers and an excellent programme of the latest and old favorite dance tunes was played by a seven-piece orchestra. The committee in charge of the dance arrangements included Messrs. Lionel Huxtable, Hugh Rider, Ian Phillips, Miss Mildred Phillips and Miss Gladys Davies. Supper was served in buffet style from long tables arranged in the tea lounge adjoining the ballroom.

#### THE DANCERS

Among those present were Colonel and Mrs. H. T. Goodland, Dr. E. W. Book, Mr. H. B. Witter, Mrs. Thompson, Dr. and Mrs. Sturdy, Dr. and Mrs. Sauber, Mr. and Mrs. A. S. Milne, Mr. and Mrs. S. P. Birley, Mr. and Mrs. Hugo Raymond, Mrs. Nunn, Mrs. Gross.

# GENE SMITH ELIMINATES MURIO FROM NET MEET

## Goldstream to Run Sunday in British Columbia Handicap

Victoria-Owned Horse to Face Biff and Other Strong Entries in \$1,000 Event at Longacres Track—Wide Interest in Race

Goldstream, owned by A. C. Smith, of Victoria, and the sensational Biff will meet on Sunday afternoon at Longacres Race Track in Seattle, in the British Columbia Handicap. It was announced during the week. The battle of the two giants of the handicap division is to feature the third running of the \$1,000 added six-furlong clash that honors the British Columbia Province, and for which event the Washington Jockey Club has undertaken special plans.

Biff, owned by Frank Lamm, of Dallas, Texas, is said to be one of the fastest horses to arrive in the Northwest. Smith's great champion has not been on the track since last Sunday, when he won the fourth handicap of the season.

Trainer Joseph Lamm is noted to have Biff in fine condition and will have him entered in as many races as possible to have him in fine shape for the running of the \$10,000 Longacres mile on August 24.

## LINDEN TREE WINS AGAIN

Captures Handicap in Driving Finish at Longacres Race Track

LONGACRES TRACK, SEATTLE, July 25 (AP).—Linden Tree came back for a new owner today and won the five-furlong Quikstep Handicap by a driving finish in 59.3-5.

## POODLE DOG CAFE SQUAD WINS HONORS

Rally in Ninth to Score 7-6 Victory—Silent Glows Beat Waudes

Rallying desperately in the final frame with one man out, Jim O'Connor's Poodle Dog Cafe nine snaked through with their sweetest victory of the season, last evening, at the Royal Athletic Park, to capture top berth in "B" section of the City Softball League, by turning back the determined threat of Painter's Bruins, 7-6. The win gave the cafe lads the bye in the play-offs, and now the Bruins will battle it out with the Navy to see which club meets the cafe squad in a two-out-of-three game series.

After three scoreless innings, the Bruins jumped out in front against Poodle Dog when they pushed across five men in the first of the fourth. However, the eventual winners retaliated in their half of the same frame and scored twice to get back into the battle. Another run in the sixth increased the cafe's lead. Murray went the distance in the eighth to bring the cafe lads closer, and then came the ninth, the session when Poodle Dog put on their scoring spurge, which brought them victory.

**GREAT RALLY**

First batter gained a free passage. Johnson then singled, forcing Hall at second for the first out. Baker and Cannon were given walks. Murray came through with a single which scored Johnson, and then Murray hit safely to send Baker home. Casey tripped to the plate and smashed through the Poodle Dog defense, as he scored Cannon and Murray with the tying and winning tallies.

In the only "A" section battle, Silent Glows blanked Bert Waudes, 4-0, at Victoria West Park, behind the fine mound work of Chuck Turner. The Glows tallied twice in the first and pushed across the same number of runs in the ninth. The game was the first of a two-out-of-three game series in the play-offs. Archie McBride went the distance for Waudes and pitched a fine brand of ball, despite defeat.

Score by innings—

Silent Glows..... 200 000 002-4  
Bert Waudes..... 000 000 000-0

Batteries—Turner and Kennedy; A. McBride and M. McBride.

**CUP FIXTURES**

Hills Corner captured a 21-17 decision from Hudson's Bay in the play-off for the runners-up cup in "C" section No. 1. In the Poodle Dog Cafe knockout cup series, Maple Leaf, Limered Hustler, 19-4, while R. and T. Workers noed out Kregges, 12-11, and the Garrison took the game from the Gyros by default. In the junior division, Harris' Cyclists scored their fifteenth victory by downing Togo Cleaners, 10-7.

In the match against Harrow a few days ago the visitors lost by an even wider margin, scoring only 75 runs against 258 for seven declared.

With two more games to play, the overseas lads' record now shows one win, five losses and three draws.

## Champion Shows Dive Perfection

One of the favorites in the United States National championship swimming and diving meet, July 18-21, at Manhattan Beach, N.Y., was Claudia Eckert, twenty-year-old Chicago girl student at Northwestern University. She is pictured in the middle of a difficult half-gainer dive during practice at Manhattan Beach.

## Canadian Scullers Beaten by Buffalo Competitor in East

Charlie Campbell and Johnny Coulson Lose Senior Sprint Clash to Erwin Konrad at Royal Canadian Henley Regatta—Argonauts Capture Three Events

PORT DALHOUSIE, Ont., July 25 (AP).—A twenty-seven-year-old bank clerk from Buffalo, Erwin Konrad, today established himself the king of sprint scullers on the continent by trouncing Toronto's sensational Argonaut pair, Charlie Campbell and Johnny Coulson, in the 440-yard senior dash that featured the opening programme of the Royal Canadian Henley regatta.

At the end of a day in which the fortunes of his Buffalo Westside Club, United States and Canadian aggregate club champions, had been literally wiped out, the bronzed Konrad went to the starting line to prove his mastery over Campbell at the sprint distance.

Apparently tuned to a high pitch for the event, the Buffalo sculler pulled into an early lead and held it, driving over the finish line nearly a length in front of Coulson, who was second. The time was 1:16.4. Campbell, the senior sculling monarch of two countries, was third, another few feet back.

**ARGONAUTS TRIUMPH**

Of the five finals run off on opening day, three triumphs were collected by the powerful Argonauts. Konrad's victory was the single Westside win, and Detroit Rowing Club's junior 150-pound four won the other event.

Argos snapped up the first three events of the day. The junior 140-pound four scored decisively in the opener. Another Argos boatload took the junior four final, and slender Jack Fivelle marked up a third Argos triumph in the 140-pound quarter-mile dash in 1:31.8.

The double blow was shut out in the junior eights qualifying heat.

Fundreds of fishermen will be out at Brentwood Bay bright and early Sunday to set out in their craft in search of the big ones in the fourth and final competition of the season, which is being staged under the direction of the Victoria-Saanich Inlet Anglers' Association. Elbeek Wilson, of Wilson & Lenfesty, and Bill Rowe are in charge of the meet, which will open at daybreak and conclude at 7 o'clock in the evening.

The band of the Britannia Branch, Canadian Legion, will be in attendance and will render various selections during the day from a special boat which will mingle with those competing. Horace Beer, of the Poodle Dog Cafe, is sponsoring the band, while George "Joker" Patton and Percy Stacey will provide the launches to transport the bandsmen up and down the arm.

The prize list follows: First, rod, presented by Wilson & Lenfesty; second, rod, presented by George "Joker" Patton; third, jackie box, presented by Peden Bros.; fourth, Indian sweater, presented by Willie's Grocery; Ladies' first, silk gown, presented by Dick's Drive Shop; Ladies' second, sack of flour, presented by Clarke's Grocery; first consolation, Dick's Planer, presented by Mr. Dick; rowboat special, 900 feet in length, presented by B. P. Schweigert.

Elbeek Wilson will present the prizes after the weighing-in processes. All fish must be weighed in by 7 o'clock.

## Lopez Flattens Dean

LOS ANGELES, July 25 (AP).—Vincent Lopez, 210-pound former Idaho University football player, today was proclaimed world's heavyweight wrestling champion—of California.

The big Mexican flattened Mountain Dean, the bearded one, in two out of three falls last night, to win the California-made title which includes a diamond-studded belt and the compliments of the State Athletic Commission.

The critics of the new play were not at all friendly. One writer said it was like a sick horse. Asked what he meant the critic replied, "It can't run and it can't draw."

## Allison, Van Ryn and Budge Will Play Against Egypt Team

WIMBLEDON, England, July 25 (AP).—The veterans Wilmer Allison and Johnny Van Ryn and "Freshman" Don Budge, the same scrapping trio that defeated Germany in the inter-zone final, will carry America's colors against Great Britain in the United States' sixth attempt to regain the coveted Davis Cup, prized amateur tennis trophy of the world.

In the challenge round the thirty-one-year-old Allison and the nineteen-year-old Budge will square off against Fred Perry and H. W. "Bunny" Austin in the four singles duels Saturday and Tuesday. Allison again will attempt the "iron man stunt" of partnering twenty-nine-year-old Van Ryn against George Patrick Hughes and C. R. D. Tuckey in Monday's doubles match.

The draw for the opening singles will be made tomorrow.

and three of Canada's title hopes making their first bid for the finals, even a larger gallery is expected by tournament officials.

In addition to the semis in the major events, finals in the Junior and consolation matches are scheduled today.

**MARTIN PLAYS BENNETT**

Canada's last hope in the men's singles title chase, Walter Martin, Toronto, will meet Dick Bennett, Berkeley netman, in the lower bracket, Wayne Sabin, young Portland, and Gene Smith, Berkeley, who yesterday eliminated John Murio, dusky San Francisco player, in a five-set match, will meet.

Miss Gussie Ragerer, San Francisco, British Columbia women's singles titleholder, and Mrs. Catherine Rose, Los Angeles, will meet in the top bracket semi-final of the women's singles.

**SMITH BEATS MURIO**

Gene Smith, lanky young Berkeley netman, seeded sixth in the draw, came through with a spectacular victory yesterday over John Murio, San Francisco Hawaiian, in a gruelling five-set match.

So hot was the pace that Murio took off his shoes at the start of the third set, and then won the next two games and the set, 6-3.

In the final set, Smith threw everything he had into his service. See-sawing back and forth, the score went to Murio's advantage with Smith serving. Smith brought the score to deuce with an ace, took advantage on a placement shot, and won the set and match with a terrific service ace that zipped past Murio before he could raise his racket.

Smith's victory brought him through to the top bracket semi-final, where he will battle Wayne Sabin.

**MARTIN WINS**

Wally Martin, of Toronto and Regina, Canada's last hope in the men's singles, marched through to the lower bracket semi-final yesterday when he defeated Ben Neiden, Berkeley, in a four-set battle that was productive of some excellent tennis. Depending largely on his last service, and accurate cross-court placements, the lone Canadian came through with a popular victory, one that drew the continued plaudits of the fans as the match concluded.

Martin won the first set, 6-3, and Neiden the second, 7-5. In the third set the Canadian gained a three-love lead before his opponent won his service, to make the count 3-1. # GIANTS CAPTURE DOUBLE-HEADER FROM ST. LOUIS

## Increase Lead to Three and a Half Games in National

New York Pushes Cardinals Back Into Third Place by Coming Through With Twin Victories—Cubs Move Up to Second Berth—American League Games Rained Out

ST. LOUIS, July 25 (AP)—The Giants finished their "crucial" series today by slamming out a 13-2 victory over the Cardinals in the second game of a double-header after winning the opener, 3-1. The double triumph gave New York the series, 4-2, and dropped the Cards to third place, a half game behind the Chicago Cubs and three and a half games behind the Giants.

First game—R. H. E.  
New York 13 17 0  
St. Louis 2 5 2  
Batteries: Schumacher, Stout and Danning; P. Dean, Haines, Walker and Delaney.

St. Louis 2 5 2  
Batteries: Parmelee and Danning; Halahan, Eckert, Heuser, P. Collins and V. Davis.

Cubs Still Going

CHICAGO, July 25 (AP)—The Cubs continued their threatening attitude towards the embattled candidates for the National League today by belting over the Brooklyn Dodgers for the fifth time in succession, 4-2.

The triumph gave Chicago a record of sixteen victories in nineteen games against the invading Eastern clubs of the circuit and nineteen in the last twenty-two starts.

Tex Carleton turned in a neat five-hit pitching performance to check the Dodgers, giving up only one blow in the first six frames, then easing up when the game was safely won.

First game—R. H. E.  
Chicago 4 10 1  
Brooklyn 2 5 2  
Batteries: Clark and Lopez, Carleton and Hartnett.

Continue Struck

PITTSBURGH, July 25 (AP)—The Pirates ran their winning streak to eight straight today, turning back the Phillies, 3-1, with a three-run ninth-inning rally. Phil Rhee, "Red" Lucas broke up the slugfest with a two-run single with the bases loaded.

The game produced a total of twenty-four hits, including Dolph Camilli's eighteenth home run of the season, four triples and seven doubles.

## SALINAS WINS HANDICAP AT HASTINGS PK.

Pearson Stable Filly Takes Feature Race—Royal Carlaris Scores

VANCOUVER, July 25 (AP)—Salinas, speedy three-year-old filly of the P. Pearson Stable, led the field home in the Speed Handicap, feature of today's racing programme at Hastings Park, to clip one-fifth of a second from the track record for the exhibition course. She was caught by the timers at 1:02 2-5.

Breaking fast from the start, the filly almost stumbled when shut off by Noma Lester, going into the back stretch, but she recovered quickly and passed the tiring pace-maker going into the home stretch. Monks' Duke passed Zebulo in the stretch to take the place.

Royal Carlaris, three-year-old gelding, owned by H. J. Kent, won his first race of the 1935 season today when, after running behind for three-quarters of the distance in the third race, forged ahead of early pacemakers under a hustling ride by Jockey Lasswell.

**FLIGHT...** by W. D. TIPTON and J. H. MASON

In the early days of flying the tailspin was regarded as sure death. It was considered an accidental maneuver from which a pilot could not recover. Once in it, the unfortunate pilot gave himself up for lost.

Today, the spin is a flying maneuver which every flying student should be taught before solo. Every good airplane, as we know them today, should spin and recover from spins, easily. Careless flying will bring on the spin accidentally. If a pilot climbs too steeply, a "stall" results. If, at the point of stall, one wing is down, the plane may

**"PEEPING TOM"**  
A thousand years ago, in Coventry, England, the backs of the villagers were being broken by excessive taxation.

Distraught, the poverty-stricken citizens went to Lady Godiva, wife of the Earl of Mercia and Lord of Coventry, and asked her to appeal in their behalf to her husband to ease their burdens.

For a long time Lady Godiva entreated; but vainly. Finally, her husband promised he would relieve the situation, but made what he considered an impossible condition—his wife, Lady Godiva, must ride through the town of Coventry naked. To his astonishment, she accepted. By pre-arrangement, all the rest of

den of Coventry, on a certain day, remained indoors. All that had blinds drew them. Shutters were pulled to and closed. Then did Lady Godiva ride forth on a white horse, clad in the clothes in which she entered the world, fulfilling her contract.

According to the story, Lady Godiva was completely unobserved, except by a tailor named Tom, who, as a punishment, so it is said, was struck blind.

Ever since, the epithet "Peeping Tom" has been applied to anyone guilty of a similar offence.

A well-known singer was asked to a party. To his annoyance he was not asked to sing, and when the party was about to break up, very late, he said to the host: "Would you like me to sing Tosti's 'Good-bye, before I go'?"

"No," replied the host, "don't bother to sing it, old chap. Just say
